- B. The exercise of these powers, rights, authority, duties and responsibilities by the Board and the adoption of such rules and regulations and policies as it may deem necessary shall be limited only by the specific and express terms of this Agreement. The Association and its members recognize and shall adhere to all Board policies and all regulations fulfilling such policies which are not in violation of the terms and conditions of this Agreement, providing such policies and procedures are in writing and have been furnished to each building.

**ARTICLE 4**

the same shall be attached to the file copy of the material in question. If the employee believes that non-disciplinary material to be placed in the file is inappropriate or in error, they may receive adjustment, provided cause is shown, through the grievance procedure, whereupon the materials will be corrected or expunged from the file. If the employee is asked to sign non-disciplinary material placed in the file, such signature shall be understood to indicate their awareness of the material, but in no instance shall said signature be interpreted to mean agreement with the content of the material.

The Board, in its sole discretion, reserves the right to limit discussion time and subject matter to be discussed at any given Board meeting.

## **ARTICLE 5 NEGOTIATIONS PROCEDURES**

- A. Negotiations for a successor contract shall commence between the parties not less than 90 days prior to the expiration date of this contract.
- B. Each party shall have the necessary power and authority to make proposals and counter proposals during the course of negotiations subject only to ultimate ratification of their respective units.
- C. The negotiated Tentative Agreement shall be approved or rejected by the membership of the Association and the Board within the timeline agreed upon by the Board and the Association. Reaching of a Tentative Agreement means that the final Tentative Agreement shall have been approved by the chairperson of the teams for submission to the Association and Board memberships for ratification votes. If the Tentative Agreement is rejected by either party, the parties agree to meet to discuss next steps.

- D. When an Agreement is reached between the parties, a contract shall be written and signed by the Board President and the Association President, and chairperson of the negotiating committee of each party. Necessary action will be taken by the Board and the Association to implement the specifics of the agreement. There shall be four (4) signed copies of the agreement for purposes of record. Two (2) shall be retained by the Board and two (2) shall be retained by the Association.
- E. Any amendment to this contract shall be in writing and ratified by both parties prior to its effective date, it being expressly understood that this contract may not be amended or extended orally.
- F. The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understanding and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Board and the Association for the life of this Agreement each voluntarily and unqualifiedly waives the right and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this agreement.

Further, it is recognized that the parties may upon mutual consent modify provisions of this contract during its life if the above paragraph is waived by each in their sole discretion.

- H. The Board and the Association recognize the value of continuous improvement via site-based decision making. The parties recognize that in this process decisions may be made that are incongruent with this Agreement. Therefore, prior to implementation, any program must be approved by the Association and the Board of Education or its designee. The parties will work together to encourage creative, effective educational programs.

Failure to enroll ten (10) employees will mean the carrier is dropped from the approved list and the remaining enrolled employees will have thirty (30) days in which to sign up with another carrier on the approved list. The amount to be deducted from an individual's pay can be established only four (4) times each year - September, December, January and April - and will remain in effect for the remainder of that portion of the year.

- N. Unplanned school cancellation days. The following provisions are in accordance with provisions found in MCLA 388.1701 (3) and (4) of the State School Aid Act and shall be in effect until such time as the statutes are amended or annulled. LEAVES OF ABSENCE**

- A. The Board and the Association recognize the value of regular attendance by the professional staff. Both parties agree that the best educational services take place when continuity is maintained with the regularly assigned employee. When an employee's absence is unavoidable, this contract provides as a benefit leave days, subject to the terms and conditions set forth below.
- B. It is the responsibility of the returning employee to inform the Board of Education in writing of their intent to return for the upcoming school year. An employee on leave shall retain their right to a position as long as they have notified the Board of Education in writing that they are available and has kept the Board informed of their current address at all times. An employee shall be notified by registered or certified letter by February 1 requesting a written response for their intent to return. Subsequent to receipt of registered/certified letter, the employee shall respond by March 1 of the current year. Failure to do so will be deemed conclusive evidence of a voluntary resignation and shall result in the termination of further employment rights. Decisions relating to extenuating circumstances brought forth by the employee shall be made at the discretion of the superintendent.

Tenure/non-probationary status - Although other compensations are allowed through leaves of absence, tenure/non-probationary status shall not be granted.

C. **PAID LEAVES**

Employees covered by the terms of this agreement will be afforded paid leaves of absence consistent with the provisions set forth below:

1. At the beginning of each school year each employee shall be credited twelve (12) leave days. Illnesses that are caused by student outbreaks (e.g., chicken pox, measles, head lice, pink eye) that result in an employee missing school may not be deducted from their leave bank, subject to administrative approval.

Personal business days are only to be used for situations that are emergency in nature or are such that they cannot be handled outside the regular school day. Leave days shall not be used for the purpose of extending a vacation or holiday. Personal business days will not be granted during the first five days of the school year or during the last five days of each semester. No more than two consecutive days shall be awarded for personal business. Three (3) consecutive days may be awarded for personal business no more than once per year. Notification to building principal shall be 48 hours in advance and approval is required for testing dates and other critical school function days. Exceptions may be made by the Superintendent or designee.

Each employee shall be entitled to accumulate unused leave days up to 120, although no more than 120 consecutive days may be used for one illness. Any employee hiring in after the first two (2) weeks of school shall have the number of their annual days prorated to the percentage of contract days worked.

A teacher whose unused leave day accumulation exceeds sixty (60) days (before the next year's allowance is granted) may request by June 1 that unused leave days from the current year allocation be paid out at \$90.00 per day with a cap of ten (10) days per year. This payment will be made in the last pay of June. This provision will sunset on June 30, 2025 subject to review by the parties.

In the case of an employee's death, any unused sick leave shall be paid in a lump sum as designated by the employee. Such payment shall be computed by multiplying the number of unused sick days times the employee's daily rate of pay at the time of death.

Notification of illness shall be given as soon as practical but not less than one hour prior to the normal report-in-time. The building principal may, at their discretion, waive this requirement in a special and individual instance.

Employees shall be informed of a process they may use to report unavailability. It shall be the responsibility of the administration to arrange for a substitute.

2. In the event that it appears an individual is misusing leave days, they can expect to be asked to validate the use of subsequent leave days for a reasonable length of time.
3. At the secondary and intermediate levels, imbalances of greater than three (3) students in the same hour of the same course, can occur if the student: 1) hasn't met the prerequisite, 2) moved away, 3) has a required class and the student previously failed the class with this teacher, 4) drops the class for the entire year. Imbalances for other reasons may be considered in a meeting with the Association President (or designee), the HR Assistant Superintendent, the counselor, the affected teachers, and the Principal. If a consensus cannot be reached at the meeting, a vote will be taken to decide the matter. If the imbalance is created without following this procedure, the consequence, paid to the teacher is \$300 per student per semester or \$600 per student for both semesters.

2. Effective on the fourth Wednesday after the beginning of the school year ("Fourth Wednesday"), classroom maximum\* shall be:

Jr. Kindergarten:	20 students
Kindergarten:	24 students
Grades 1 - 4:	28 students

\* These maximums will apply to elementary specials class size.

3. a. At the Intermediate level elective classes may have a daily average of 165. In the event that this number is going to be exceeded a meeting between the principal, teacher, superintended/designee, and BEA president/designee will be held to review options. The secondary class sizes listed below shall not exceed the following maximums unless extenuating circumstances result in a meeting between the BEA President/designee and Superintendent/designee to determine the best course of action:

Physical Education	45
Adaptive P.E.	25
Instrumental Music	225:1
Vocal Music	175:1
Focus/Advantage	25
Mastery Skills	15

- b. At all levels, a meeting will be held with the school Principal, Association President/designee and Assistant Superintendent for Human Resources prior to the start of the school year to review the master schedule. During the year, before an imbalance becomes greater than three (3) students (for a reason other than those cited in E.1.c. above), a meeting with the above referenced parties will occur prior to the student placement.
4. Class sizes in grades 5-6 are capped at 31 students per section and the district will pay overloads for students 32 and 33 not to exceed 165 students per day.

For 2022-23, class sizes in grades 7-8 are capped at 33 students per section and the district will pay overloads for students 34 and 35 not to exceed 175 students per day. This does not include the classes in E.3.a above.

For 2023-24 and 2024-25 only, class sizes in grades 7-8 are capped at 32 students per section and the district will pay overloads for students 33 and 34 not to exceed 170 students per day. This does not include the classes in E.3.a above.

Class sizes in grades 9-12 are capped at 33 students per section and the district will pay overloads for students 34 and 35 not to exceed 175 students per day. This does not include the classes in E.3.a above.
5. Elementary special education students shall be counted on the regular classroom teacher's list no matter what portion of the academic day they are main-streamed. Students who were main-streamed the previous year shall be counted from the opening day of school. Post 4th Wednesday slots should be held open for students not previously main-streamed or new to the special education program. Secondary special education students shall continue to be counted on the regular classroom teacher's list no matter what portion of the academic day they are mainstreamed.
6. Traditionally large classes such as music and physical education shall have reasonable class limits. During the first month of each school year Human Resources and the Association President will review the limits for these classes.
7. The Board agrees to continue to authorize at least 1 instrumental specialist per level (intermediate, middle, high) to assist with grades 5-12 instrumental music programs, and one accompanist at each secondary level (middle, high). Staffing levels of these specialists will be reviewed annually between the Association and administration.

8. The Association will not require the Board to transport elementary children away from their neighborhood school area to achieve class sizes in all elementary schools for the reason that such transportation may result in a violation of the State of Michigan's minimum pupil attendance requirements.
9. It is acknowledged that the primary duty and responsibility of the teacher is to teach and to supervise the educational and social welfare of the pupils and that the organization of schoolteachers and the school day shall be directed at ensuring that the energy of the teacher is to be utilized to this end.
10. Teachers will not be assigned to cafeteria or lunchtime playground duty, except in cases of an emergency.
11. The district shall have 10 days in grades JK-6 at the start of the school year and 20 days in grades 7-12 at the start of each semester to balance class sizes across the district. Whenever the arrival of a student after the days identified above may result in exceeding a classroom maximum, the Administration shall confer with the BEA President (or their designee) AND all affected staff about the situation.

When it is agreed that an overload will occur, the assignment shall be as follows:

- a. A volunteer will be sought to accept the student beyond the maximum. If there are no volunteers, or multiple volunteers, students will be placed on a rotational basis with the final decision coming from the administration. (This excludes teachers in their 1<sup>st</sup> and 2<sup>nd</sup> years of teaching unless there is an emergency.)
- b. Teachers receiving additional students in accordance with these provisions will be provided a stipend for each student over the classroom maximum according to the following schedule. In the event the arrival of a student after the days identified above may result in an overload, the administration will have one additional school day from the time the counselor notifies administration about the overload to move the student without payment of the overload stipend.
 

Full day JK-4 <sup>th</sup>	= \$3500
Each elementary specials teacher	= \$250
Intermediate (5th-6th)	= \$3500 (prorated based on student contact time)
Each intermediate encore teacher	= \$250
Secondary	= \$1500 (per class period for a year long class – 2 semesters)
Secondary	= \$750 (per class period for a 1 semester class) (2-period block classes will pay double)

The above amounts will be prorated according to the arrival date of the student causing the overload by each marking period.

In order for the stipend to be paid, the student(s) must physically be in the teacher's classroom not just on the class roster (e.g., If a special ed. student is on a teacher's roster but does not attend the class, the stipend will not be paid, but if the student begins attending the class causing an overload then the stipend shall be paid).

Even with this payment and regardless of whether the overloads are placed into classroom of volunteers or non-volunteers, the overload will never exceed two students per classroom.

- c. In the event the parties agree that a specific class has exceeded capacity, including overloads, the Administration shall create a new section.
  - d. The District agrees to maintain a yearly list outlining all imbalances and overloads, at each building. This list will include employee names and contractual stipends. This list will be provided to the Association on the 11th day of school for JK-6 and the 21<sup>st</sup> day of school for 7-12 and updated each semester/trimester/quarter or as needed throughout the school year.
12. The Board agrees that split classes are eliminated in grades JK-12.
- a. The exceptions in grades 1-4 are limited to: gifted and talented and special education.
  - b. The exceptions in grades 5-12 for teaching more than one course in the same period will occur only if all of the following conditions are met: A meeting has been held with the building principal, the Association president/designee, and the teacher involved in the proposal to exhaust all other options.

**F. Working Conditions**

- 1. The Board shall supply and maintain texts, library facilities, maps and globes, laboratory equipment, audio-visual equipment, art supplies, athletic equipment, current databases, copiers, and computers that will support all software and applications owned or subscribed to by the district, printers, support, training, and similar materials and tools of the teaching profession.

2. The Board shall make available, in each school, adequate lunchroom, and rest room facilities exclusively for employee use. Upon request from an employee, the administration will identify an appropriate private space other than a bathroom, which can be locked, and make accommodations in the employee's daily schedule as needed to support their lactation needs. The use of tobacco or E-cigarettes is prohibited in all buildings, on all grounds, and in all school owned vehicles. Lounges shall be for employee use only. Vending machines shall be permitted in the faculty lounges of each building, maintained by the Association. The employees shall maintain the lounges in a satisfactory condition, except for routine custodial maintenance.
3. The Board will make available workspace for employees' use during their preparation time. Whenever possible, the workspace provided will be the employee's assigned classroom or office. In the event a teacher's assigned classroom is needed during their preparation time, the assignment will be determined by administration first by seeking a volunteer, then on a rotational basis.
4. The Board shall provide, maintain, identify and regulate to the extent possible adequate paved off-street staff parking facilities. Sidewalks and parking lots shall be maintained in such a manner that no employee shall continually contend with snow and ice.
5. Since the employee's authority and effectiveness in their assignment has a combined dependence upon the employee's professional skill and upon dependable administrative assistance, the Board and Administration recognize their responsibility to provide all reasonable support and assistance to employees with respect to the maintenance of control and discipline.
6. Upon written referral from an employee, the Administration will assist the employee in applying appropriate progressive disciplinary procedures with chronic student disciplinary problems. The referring employee(s) shall be informed of administrative action.
7. Teachers may request that pupils having special needs receive the attention of special counselors, social workers, law enforcement personnel, physicians or other professionals. Teachers who believe a student may have special needs will refer the student to the building team for evaluation to determine eligibility for special services.

8. Student Discipline and Employee Protection

- a. Employees shall be expected to exercise reasonable care with respect to the safety of pupils and property. The Association agrees that all employees shall observe rules respecting punishment and discipline of pupils, which may be established by the Board, the Administration, and the statutes of the State of Michigan. An employee may use such reasonable restraining force as is necessary to protect themselves from attack, to prevent injury to another student, or to escort said student to the office or place of containment, provided discretion is used.
- b. Consistent with School Code 380.1309, a teacher may exclude a pupil from the class in progress and only for the duration of that class when the grossness of the offense, the persistence of the misbehavior, or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable. The excluded pupil must be sent to the proper administrative office. In such cases, the teacher shall furnish the Principal, as promptly as their teaching obligations will allow, full particulars of the incident in writing.

The primary responsibility of classroom management and student discipline within the classroom belongs to the classroom teacher. All reasonable efforts to correct inadequate student behavior are the responsibility of the teacher before sending the student to the office.

- c. Suspension of students from school or permanent suspension from a given class may not be imposed by a teacher but may be recommended by the teacher. School authorities will endeavor to achieve correction of student behavior through counseling and interviews with the child and their parents when warranted. Transfer of the student to another teacher or other measures, short of suspension, will first be exhausted. A conference of all teachers involved will be held prior to such transfer of the student. In the event all efforts to rehabilitate a student fail, the building administrator will suspend the student from that particular class for the time necessary to correct the behavior problem.
- d. Any case of assault upon an employee, malicious destruction of the employee's property or intimidation by threat of violence against an employee or their property shall be promptly reported to the Board or its designated representative. The board shall provide appropriate assistance to a teacher who is called as a witness in any criminal proceedings relating to an act observed by the teacher in the course of discharging their professional responsibilities. When requested in writing, the board may provide a representative of the district to accompany the teacher in these proceedings.

- e. In the event an employee is sued as a result of action taken by the employee in enforcing the rules and regulations of the Board of Education and the use of reasonable care and judgment in connection therewith, it is the Board of Education's policy to assist the employee in such connection with such a suit and the Board will, in cases where the employee's individual liability policy does not provide legal counsel, provide legal counsel in the defense of such a suit when the employee is not at fault. If the employee is found by a criminal court to be not guilty, the employee will be reimbursed for legal expenses related to the defense of the incident.
  - f. Employees shall be notified of any actionable complaint directed toward an employee within ten (10) days and it shall not be included in the employee's personnel file unless such matter is reported in writing to the employee involved. The name of the complainant shall be made known to the employee. This employee is then entitled to place an explanatory statement of the incident in their file. If any question of breach of professional ethics is involved, the Association shall be notified.
  - g. A written statement by the Board governing the use of corporal punishment of students shall be publicized to all employees no later than the first week of each school year.
  - h. Whenever a grade or decision to pass or retain a student is changed against the advice of a teacher, the building administrator shall inform the teacher of the change. The administrator shall initial the altered document.
9. The Board and the Association mutually recognize the importance of continuous use of adequate teaching reference material in maintaining a high level of professional performance. In furtherance of that recognition, the Board shall provide reference libraries and include therein all materials which are reasonably requested by the employees of the district.
10. The Board agrees to make available in each school, typing and duplicating facilities, supplies, and clerical personnel.

- a. Lockable storage space in each classroom.
  - b. Suitable space for each employee to store personal articles.
  - c. Adequate presentation space in each classroom.
  - d. Adequate storage space for instructional materials.

12. Organization and maintenance of storage areas shall be the responsibility of the employee(s) to whom they are assigned. Any administrative concern relative to an employee's care of such an area shall be brought to their attention. The employee shall be given adequate time to correct the situation. Upon notification to administration by an employee of inadequacy of such facilities, it shall become the responsibility of that administrator to dispose of the problem.
13. At least one telephone in each building shall be made available for the exclusive use of employees for their professional calls. The telephone shall be in such a location that the conversations held will be private.
14. Employees shall not be required to work under unsafe or hazardous conditions or to perform tasks which endanger their health, safety or well-being. Cleanliness of the buildings and of the facilities are definitely essential to good education and the health of the students and employees. The district shall enforce all provisions of the third-party (non-employee) contracts that have an impact on the health and safety of its employees or upon the cleanliness of the building.
15. The temperature of classrooms will be kept at 68 degrees with an acceptable range of +/- 7 degrees. Classes assigned to rooms in which the temperature deviates from this norm will be relocated to a more acceptable environment.
16. Both parties mutually agree that habitual or repeated tardiness is detrimental to the operation of the school. The Board and the Association support proper time schedules being maintained by employees.

Information pertaining to the special needs student's IEP or 504 plans will be disseminated to the affected classroom teachers not later than five (5) school days from the first day the student accesses the class.

- c. In the event a general education teacher requires assistance with a special needs student, the teacher will request a meeting with their principal. The meeting will be held not later than five (5) school days of the request. Options available for assistance will be reviewed at the meeting and a final determination made not later than five (5) days from the date of the meeting.
  - d. Any teacher who believes that a student's individual educational plan (IEP) is not meeting the student's needs, will direct their concerns to the building administrator.
- 18. Full-time nurses, full-time social workers, and the K-12 career facilitator will work a seven and one-half (7.5) hour workday. The work year for full-time positions will be equal in length to and scheduled on the same days as full-time classroom teachers. Additional days before or after the regularly scheduled work year will be paid at the employee's per diem rate. In addition to the two (2) team meetings per month, the aforementioned employees may be required to attend up to two (2) staff meetings per month.
- 19. To allow teachers clean-up/prep time after school, classrooms will not be utilized by outside groups for 30 minutes after the end of the school day.
- 20. When a principal will be out of the building on district business for time exceeding one full day or longer and a teacher is requested to act on behalf of the principal's behalf, a substitute teacher may be hired to cover that teacher's class.

- B. Special education teachers responsible for testing new referrals and re-evaluations will be provided a scheduled two-hour block of time each week or one full day each month, to perform testing responsibilities. This will be scheduled so as to not require a substitute teacher. Self-contained teachers will not be required to test new referrals.
- 25. District administration and the BEA leadership will work in conjunction to make sure that any and all legislative changes will be addressed in the contract to comply with State and Federal law.
- 26. ### General Provisions for Schedule A

1. In the event a nurse or social worker has a teaching certificate and is later assigned to a classroom teaching position covered by Schedule A, the employee's initial placement on Schedule A will be in the appropriate degree column and to the step on the column which closest to, but not less than, their present salary as a nurse or social worker.
2. Employees may be requested by the Board of Education to work an extended year. Any change in such requests shall be made known to the affected employees no later than May 1. Salary for the extended period of work will be at the employee's per diem rate.
3. In addition to Schedule A above, employees will receive 2.8% of base salary for completion of 30 hours of District Provided Professional Development. The 2.8% stipend is based on 1.0 base salary schedule A for full and part time employees. This stipend will be prorated if the employee does not complete the DPPD days. It is the employee's responsibility to monitor their own professional development hours.

## **FINANCIAL SUMMARY for 2022-25**

### 2022-23

- The above 2022-23 Schedule A Salary Schedule is increased 4.5% from the 2021-22 scale, all steps all lanes.
- 2% of base salary as a one-time off schedule bonus (non-pensionable) to be paid to each employee hired by October 1, 2022 who is still employed as of June 1, 2023 to be paid in last pay of June 2023 (prorated for those hired after October 1, 2022).

### 2023-24

- The above 2023-24 Schedule A Salary Schedule is increased 3.5% from the 2022-23 scale, all steps all lanes
- If Foundation Revenue (Brighton students blended count (not shared services) multiplied times the state pupil foundation, example 5,775 blended count x \$9350 = \$53,996,000) is greater than \$54.7 million, 65% of the additional revenue will be divided by the overall cost of one percent of the group (calculated as of December 15, 2023 including base salary, FICA, net retirement) to equate to a percentage (rounded to the nearest hundredth) to be added to the Schedule A Salary Schedule. Example: 5,770 blended count x 9500/pupil = \$54,815,000.  $\$54,815,000 - \$54,700,000 = \$115,000 \times .65 = \$74,750$ . One percent of the cost of the group is \$340,000 as of December 15, 2023.  $\$74,750 / \$340,000 = 0.22\%$ . Salary schedule will be increased by 0.22%. This will be calculated by January 2024 and the corresponding increase to each employee retroactive to the beginning of the school year will be spread over the remaining pays of the school year. The 2023-24 salary schedule will be updated to reflect the additional percentage if the revenue trigger is accomplished.
- If the trigger is accomplished in 2023-24, the trigger for 2024-25 will be recalculated with new base for one percent of the group and new percentage to be added to the final threshold calculation for 2023-24.

### 2024-25

- The above 2024-25 Schedule A Salary Schedule is increased 2.0% from the 2023-24 scale, all steps all lanes
- If Foundation Revenue (Brighton students blended count (not shared services) multiplied times the state pupil foundation, example 5775 blended count x \$9450 = \$54,573,000) is greater than \$55.77 million, 65% of the additional revenue will be divided by the overall cost of one percent of the group (calculated as of December 15, 2024 including base salary, FICA, net retirement) to equate to a percentage (rounded to the nearest hundredth) to be added to the Schedule A Salary Schedule. This will be calculated by January 2025 and the corresponding increase to each employee retroactive to the beginning of the school year will be spread over the remaining pays of the school year. The 2024-25 salary schedule will be updated to reflect the additional percentage if the revenue trigger is accomplished.
